You want to find a job or start a vocational education (job training) in Germany?

We can help you. This will take you 12 weeks.

We will inform you:

- Which professions exist in Germany?
- Which profession fits for me?
- What are my strengths?
- Which insurances do I need and how do I get them?
- Which are my rights and duties on job?
- How does vocational education work in Germany?
- How can my certificates be approved?
- How do I find a job or vocational education?
- How do I best apply for a job?

In our workshops and in real companies you can show your skills and abilities.

You get the possibility to test yourself in different professions.

You choose a profession which meets your strengths and interests.

You can prove your skills and abilities in this profession working in a company or for an employer.

A personal mentor will assist you, if any difficulties turn up.

Together we develop your professional profile which shows your skills.

We help you, to apply for a job or job training.

- Curriculum vitae
- Professional profile
- High quality photo
- Online application

Which skills and abilities do you have?

- How can you improve your German?
- Do you speak some more languages?
- Which schools or colleges did you visit?
- Do you have any certificates to prove your knowledge?
- Did you learn any profession in a vocational training?
- What kind of job do you want to find?

If needed you get personal assistance:

- Problems in your all day life
- Questions concerning laws for foreigners
- Questions about accommodation
- Problems with kindergarten or school for your children
- Searching for a job or vocational training

and much more.
